# Our brand

Welcome to Pondus, where family tradition meets innovation to bring you unique personal weighing scales. We are proud to introduce our DINA scales, the perfect combination of technology and design that will transform your pharmacy experience.

At Pondus, we understand that every space tells a story, and our scales are designed to be more than just measuring instruments. They are decorative pieces that integrate harmoniously into your pharmacy environment, adding a touch of style in line with the latest design trends. With DINA scales, we offer a creative approach that goes beyond functionality.

We want each scale to be an attractive and eye-catching element, becoming an attraction for the general public. Discover the wide variety of designs we offer and find the perfect scale for every environment in your pharmacy. Join us and make each DINA scale a distinctive detail in your pharmacy.
